

PADEX 100 UPL

Premium Quality Lightweight Universal Absorbent Pads

Low-linting Premium Universal Absorbent Pads

Low-linting Premium Universal Absorbent Pads absorb leaks and spills to keep floors dry and workers safe.

The Low-linting Premium Universal Absorbent Pads have a polypropylene core with a fine fiber layer on both sides. This procedure makes the Low-linting Premium Universal Absorbent Pads extremely low-linting and improves the absorption ability (wicking) and strength of the material.

The Low-linting Premium Universal Absorbent Pads are perforated so that it can be adjusted for all kinds of applications.

Applications:

the Low-linting Premium Universal Absorbent Pads are ideal for use in factories, garages, laboratories or anywhere where chemicals need to be absorbed.

- Low linting. Superior absorption
- Absorbs and retains oils, coolants, solvents, water and many types of other chemicals
- Dark gray color hides dirt, so Low-linting Premium Universal Absorbent Pads stay on the job longer
- 100% meltblown polypropylene covered with a fine fiber layer on both sides; won't rip, tear or fray even when saturated
- Dimple pattern speeds wicking of liquid throughout the material for faster, easier cleanup
- Perforated material is easy to tear to size so you only use what you need
- Low-linting Premium Universal Absorbent Pads are ideal for catching drips and soaking up spills
- Flame-resistant material won't burn immediately like cellulose; melts when exposed to high heat while on the job
- Non toxic, non reactive and fast acting

Parameters of product

Length (cm):	40
Width (cm):	50
Absorption (Liter/Unit):	67 (for oil-based liquids), 51 (for water-based liquids)
Weight (kg):	4.1
Number of pads per unit:	100
